

## **Evil/Twin Band Bio 2018**

Some say rock n' roll is dead. Bands don't exist anymore. Guitars and drums are dated. F@#k that! Nothin' could be further from the truth!

Evil/Twin are one of Australia's newest hard rock acts, keeping it real, the way it has and should be.

Singer/Guitarist Scottie Parsons gathered a bunch of mates on the Gold Coast to form the band in late 2016 with Gav Jones, Richard Coleman and Frank Horvath.

Drawing on years of experience as members of some of Australia's best-known bands, Evil/Twin know how to deliver the goods.

Since then, the band's played a stack of shows with some of Australia's best-known acts and gathered fans locally and internationally online.

The debut self-titled EP received good reviews and sales in Australia, USA, UK and NZ with local radio air play on Rebel FM and others. The band's follow up EP will be soon be released in 2018 with more killer tracks.

Armed with old-school guitars, drums and amps, Evil/Twin know how to deliver a rock show and remind the crowd how it used to be.

Evil/Twin will be hitting stages soon, get on board and rock on!
